📚 Study guide: prepare for Checkpoint 3 and the final exam

How to study what you learn in this Learning Path, and practice that works like the checkpoint and looks like the exam. The answer key is at the end of each activity.

© 2026 Roger Beltran · English Lab · All rights reserved

How to study

🧠 Test yourself, don't reread

Close your notes and try to remember: write the words, say the rule, answer the questions. Then check. Rereading and highlighting feel useful, but you remember much less.

Retrieval practice · Roediger & Karpicke 2006; Dunlosky et al. 2013

📅 Spread it out

Three short sessions of 15 minutes on different days work better than one long session the day before.

Spacing · Cepeda et al. 2006

🔀 Mix it up

Practise similar things together so you learn to choose the right one for each sentence.

Interleaving · Rohrer & Taylor 2007

✅ Check and fix at once

Mark your answers with the key straight away and write each wrong answer again, correctly.

Feedback · Hattie & Timperley 2007

💬 Say why

For every answer, say the reason: "on, because it's a date." Explaining makes the rule stick.

Self-explanation · Dunlosky et al. 2013

😴 Sleep on it

Your brain stores what you learn while you sleep. A short self-test and a good night's sleep beat studying late the night before.

Sleep and memory · Diekelmann & Born 2010

My plan

1. **Today** · Close this page and write from memory: five words for planning an event and three sentences about a plan (going to, will, Present Continuous). Then check.
2. **In 2–3 days** · Do "Practise for Checkpoint 3" below. Look at the key and write again what you got wrong.
3. **Before Checkpoint 3** · Go over the flashcards: only the ones you still miss.
4. **The week before the exam** · Do the exam-style practice in every Learning Path, then the Sample exam. Repeat only the parts you failed.

What comes up

Checkpoint 3 (LS1, Learning Paths 1–3 and 5): short gaps, one question at a time, about 45 seconds each, no going back and no notes. You do it once, and you must stay on the page: if you leave it, it is sent. It opens the next Learning Path.
Final exam: this Learning Path comes up in the Listening (questions with four options), the Vocabulary (planning an event) and the Grammar (going to, will, Present Continuous for arrangements, Present Simple for timetables).

Practise for Checkpoint 3

One question at a time · 45 s

It works like the real checkpoint: 11 questions, one at a time, about 45 seconds each, with no going back and no notes. This is only practice: nothing is sent, you can repeat it, and at the end you see your answers and the key.

On paper: cover the questions and uncover them one at a time, about 45 seconds each, with no going back.

Transcript 2 · Mei: Lunar New Year

Mei: Hi! I'm Mei. I'm fifteen and I live in Manchester. My favourite celebration is Lunar New Year. It usually takes place in late January or February. A few days before, we clean the whole flat to sweep away bad luck. My brother hates that part! On New Year's Eve, my grandparents come from Liverpool and we have a huge reunion dinner. We make dumplings together, all of us around the kitchen table. For me, that's the best moment. Everybody is talking and laughing, and nobody is looking at their phone. Then the children get red envelopes with money, and we go to Chinatown to watch the dragon dance. It's so loud and colourful! Not every family celebrates it in the same way. But for us, it's about being together and starting the year with good luck.
