3 Reading: Can you trust this page?

This text explains how to know if a web page is reliable. Read it and answer.

You want facts about your hobby or event for your vlog, and you want them to be correct. Before you use a web page, ask four questions.

1. Who is the author? Look for a name or an organisation whose job is to inform: a sports federation, a museum, a school, an official tourism website. If no author or organisation is given, be careful: anyone can publish anything online.

2. When was it written or updated? Look for a date. Old pages often contain old information: ticket prices, class times, the rules of a sport or the date of a festival change, so a page from 2019 may be wrong today.

3. Why was it written? Some pages are written to inform; others are written to sell you something, like trainers, a game or a course, or simply to get as many views as possible. A shop that says “the best skateboard in the world” wants your money, so its opinion is not a fact.

4. What type of website is it? An official website, an encyclopedia with references or a club website is usually more reliable than a social media post or a short video with no sources, because somebody checks the information before it is published.

Confirm each fact in two pages, and if they disagree, choose the more reliable one or say that they disagree. At the end of your vlog, credit your sources and your photos: the title of the page, the website and the year. Never copy whole sentences: take notes with key words and then write your own sentences.

1. What should you look for first?
   a) the photos **b)** the author **c)** the colours of the page
2. Why is the date important?
   a) Dates are difficult to read. **b)** New pages are always wrong. **c)** Old pages can have old information.
3. Why does a shop say “the best skateboard in the world”?
   a) because it is a museum **b)** because it wants your money **c)** because it is true
4. Which type of website is usually more reliable?
   a) an official website **b)** a video with no sources **c)** a social media post
5. How many pages do you need for each fact?
   a) two **b)** one **c)** five
6. What do you credit at the end of your vlog?
   a) your friends **b)** your screen time **c)** your sources and your photos
7. What should you do if two pages don’t agree?
   a) Use the first one you found. **b)** Use a social media post. **c)** Choose the more reliable one.
8. Why shouldn’t you copy sentences?
   a) Sentences are too long. **b)** You should take notes and write your own sentences.
   c) Copying is faster.
9. Why is an encyclopedia with references usually more reliable than a short video?
   a) It is longer. **b)** Somebody checks the information before it is published. **c)** It has more photos.
10. “Its opinion is not a fact” means…
    a) What the shop says is not necessarily true. **b)** Opinions are not allowed online.
    c) The shop is always right.

2. A shop page: "The best skateboard in the world, only 199 €! Buy now!"
   a) Not reliable **b)** Reliable
3. A 20-second video, "5 crazy facts about football 🤯", no author, no sources.
   a) Not reliable **b)** Reliable
4. An encyclopedia article about basketball, with references, updated this year.
   a) Not reliable **b)** Reliable
5. A forum answer from 2015: "The swimming pool opens at 9 every day."
   a) Reliable **b)** Not reliable
6. The town council's website: "Autumn Fun Run 2026: date, place and tickets".
   a) Reliable **b)** Not reliable
7. A famous player's social media post: "Our match is on Sunday at 6, come!"
   a) Reliable for the time of the match, but check the rest **b)** Not reliable for anything
8. A blog called "Skate Life" by a 15-year-old fan, no dates, no sources.
   a) Not reliable: no dates or sources, even if the author loves skating
   b) Reliable: the author is a real skater

5. How many students are watching?
   a) about twenty **b)** about two hundred **c)** about two thousand

    c) the reporters' favourite team

7 Shadowing · Live from the sports hall

Repeat part of the listening just behind the speaker, like a shadow.

How it works

Your teacher plays the clip three times: first read while you listen, then mumble the words along, then say them aloud just behind the speaker.

Sam: And the match is starting! Number seven, Marc, has the ball. He's running… he's jumping… and he scores! Two points for the Blue Team!

Emma: Marc usually plays as a defender, but today he's playing as a forward. And it's working!

Sam: Now the Green Team has the ball. Their captain, Júlia, is passing to number four… she's shooting… and she misses. The Blue Team is winning, six to two.

8 Talk: where did you find it?

Your vlog buddy asks you about the source for your fact file.

Your task

Answer about your real source, give reasons and say how you checked a fact in a second source.

1. **Which website did you use?**

2. **Who wrote it?**

3. **Is it a good source? Why?**

4. **Is the information new or old?**

5. **What is one interesting fact from your source?**

6. **How are you going to credit it in your vlog?**

7. **Did you check that fact on another website?**

Then · Have the conversation aloud with a classmate: they ask and you answer, then swap.

Model

I used an online encyclopedia article about skateboarding. It was written by a sports journalist and updated in 2025, so it's recent. I think it's reliable because it gives dates and links to its sources, and it doesn't try to sell anything. One interesting fact is that skateboarding started in California in the 1950s, when surfers wanted to "surf" on the street. I checked it on a second website, the Olympics page, and it said the same. I'll credit both on my last slide.

9 Piece 3: my fact file

Fill in the fact file about your hobby or event and hand it in. Short notes with key words. Core and Plus: find two web pages or posts, rate both and choose one.

Is it reliable? Use the four questions from the text: who is the author, when is it from, why was it written (to inform / to sell / to get views) and what type of website it is.
Model: *Reliable: the author is a sports federation and it was updated in 2026. · Not reliable: it is a shop page that wants to sell skateboards, and there is no date.*

📚 Study guide: prepare for Checkpoint 3 and the final exam

How to study what you learn in this Learning Path, and practice that works like the checkpoint and looks like the exam. The answer key is at the end of each activity.

© 2026 Roger Beltran · English Lab · All rights reserved

How to study

🧠 Test yourself, don't reread

Close your notes and try to remember: write the words, say the rule, answer the questions. Then check. Rereading and highlighting feel useful, but you remember much less.

Retrieval practice · Roediger & Karpicke 2006; Dunlosky et al. 2013

📅 Spread it out

Three short sessions of 15 minutes on different days work better than one long session the day before.

Spacing · Cepeda et al. 2006

🔀 Mix it up

Practise similar things together so you learn to choose the right one for each sentence.

Interleaving · Rohrer & Taylor 2007

✅ Check and fix at once

Mark your answers with the key straight away and write each wrong answer again, correctly.

Feedback · Hattie & Timperley 2007

💬 Say why

For every answer, say the reason: "on, because it's a date." Explaining makes the rule stick.

Self-explanation · Dunlosky et al. 2013

😴 Sleep on it

Your brain stores what you learn while you sleep. A short self-test and a good night's sleep beat studying late the night before.

Sleep and memory · Diekelmann & Born 2010

My plan

1. **Today** · Close this page and write from memory: three things to check on a web page and five screen words. Then check.
2. **In 2–3 days** · Do "Practise for Checkpoint 3" below. Look at the key and write again what you got wrong.
3. **Before Checkpoint 3** · Go over the flashcards: only the ones you still miss.
4. **The week before the exam** · Do the exam-style practice in every Learning Path, then the Sample exam. Repeat only the parts you failed.

What comes up

Checkpoint 3 (Learning Paths 1–3 and 5): short gaps, one question at a time, about 45 seconds each, no going back and no notes. You do it once, and you must stay on the page: if you leave it, it is sent. It opens the next Learning Path.
Final exam: what you learn here helps in the Reading (taking notes, like the reading log) and the Vocabulary (technology and screens). Use this Learning Path to review Learning Paths 1–3.

Practise for Checkpoint 3

One question at a time · 45 s

It works like the real checkpoint: 13 questions, one at a time, about 45 seconds each, with no going back and no notes. This is only practice: nothing is sent, you can repeat it, and at the end you see your answers and the key.

On paper: cover the questions and uncover them one at a time, about 45 seconds each, with no going back.

Emma: [excited] Hello and welcome to School Radio! We're at the sports hall and the big match is starting: the Blue Team against the Green Team. Sam, what's happening?
